

Contents

Section I

Sport Management Research

Chapter 1	
Introduction to Sport Business Management Research	3
Chapter 2	
Ethics in Sport Management Research and Publications	23

Section II

Types of Sport Management Research

Chapter 3	
Interpretation of Qualitative Research in Sport Management Studies	41
Chapter 4	
Case Study Research	53
<i>Richard M. Southall, University of South Carolina and Crystal Southall, Western State Colorado University</i>	
Chapter 5	
Interview Research	81
Chapter 6	
Focus Group Research	95
Chapter 7	
Observation Research	107
Chapter 8	
Secondary Data	123
Chapter 9	
Survey Research	139

Chapter 10
Experimental Research..... 155

Section III

The Research Process in Sport Management Research

Chapter 11
The Research Process in Sport Business Management 175

Chapter 12
Questionnaire Design 187

Chapter 13
Measurement 215

Chapter 14
Attitude Measurement 231

Chapter 15
Sampling 251

Chapter 16
Data Editing, Coding, and Transforming 261

Chapter 17
Communicating Research Results 279

Section IV

Statistical Analysis in Sport Management Research

Chapter 18
Introduction to the Practice of Statistics 301

Chapter 19
Descriptive Statistics and Correlation 313

Chapter 20
Statistical Testing of Differences 329

Chapter 21
Multivariate Data Analysis Techniques 345

Index 365

List of Exhibits

Exhibit 1.1.	The 4 Cs of Sport Marketing	6
Exhibit 1.2.	Differences of the Positivist and Naturalistic Paradigms of Research.....	10
Exhibit 1.3.	Positivist and Naturalistic Research Paradigms	11
Exhibit 1.4.	Deductive Logic or Reasoning	11
Exhibit 1.5.	Inductive Logic or Reasoning	12
Exhibit 2.1.	The Nuremberg Code	27
Exhibit 3.1.	The Philosophical Differences Between Quantitative and Qualitative Research Modes of Inquiry	44
Exhibit 3.2.	A Comparison of Accuracy and Precision in Qualitative and Quantitative Research	46
Exhibit 3.3.	Percentage of Qualitative Research Articles Among All Articles Published in Three Sport Management Related Journals	48
Exhibit 3.4.	Trends in Qualitative Research in <i>JSM</i> , <i>SMQ</i> , and <i>IJSM</i> : 1987–2006.....	49
Exhibit 3.5.	Research Methods Used in Sport Marketing Quarterly Between 1992 and 2011	50
Exhibit 4.1.	Case Study Example 1—The National Football League and Its “Culture of Intoxication”: A Negligent Marketing Analysis of <i>Verni v. Lanzaro</i>	56
Exhibit 4.2.	Case Study Example 2—Build It and They Will Come? The Women’s United Soccer Association: Who Built It, Who Came, and Why It Failed	60
Exhibit 4.3.	Case Study Example 3— <i>The University of Minnesota v. Haskins</i> : The University of Minnesota Men’s Basketball Academic Fraud Scandal	67
Exhibit 5.1.	The Continuum of Qualitative-Quantitative Interview Method.....	83
Exhibit 5.2.	Sample of Personal Interview Questionnaire	85
Exhibit 5.3.	Example of Reported Interview Questions Using Scaled-Response Format.....	87

Exhibit 5.4.	An Example of the Interview Questionnaire in Scaled-Response Format.....	88
Exhibit 6.1.	“Tricks of the Trade” for the Focus Group Moderator.....	101
Exhibit 6.2.	Focus Group Organization Process.....	102
Exhibit 7.1.	The Participation Continuum of Observation.....	110
Exhibit 7.2.	Basic Decisions for Observation Studies.....	114
Exhibit 7.3.	Comparison of Observation and Survey Research Designs.....	118
Exhibit 8.1.	Example of the NCAA EADA Report Released by the NCAA.....	128
Exhibit 8.2.	Process of Secondary Data Research.....	132
Exhibit 9.1.	Example of a Survey Instrument.....	142
Exhibit 9.2.	A Sample Follow-up Letter.....	144
Exhibit 9.3.	A Sample Cover Letter/Informed Consent Letter.....	146
Exhibit 10.1.	Conceptual Relationship Between the Independent Variable, the Dependent Variable, and the Extraneous Variable.....	157
Exhibit 11.1.	Decision Maker’s Continuum of Confidence.....	176
Exhibit 11.2.	The Research Process.....	178
Exhibit 12.1.	The Questionnaire Development Process.....	188
Exhibit 12.2.	Survey Questions in Reference to Research Objectives.....	200
Exhibit 12.3.	An Example of an Online Questionnaire Used in Sport Management.....	205
Exhibit 13.1.	Summary of the Primary Characteristics and Examples of Each Level of Measurement.....	217
Exhibit 13.2.	Major Dimensions of Instrument Reliability.....	220
Exhibit 13.3.	A Symbolic Illustration Test-Retest Reliability.....	221
Exhibit 13.4.	An Illustration of the Alternative Form Reliability.....	221
Exhibit 13.5.	Examples of Inter-Rater Reliability by Levels of Coefficient Correlations in Sport Management Research.....	223
Exhibit 13.6.	A Metaphor of Reliability and Validity.....	227
Exhibit 14.1.	Commonly Used Category Scales and Their Response Choices.....	235
Exhibit 14.2.	Example of the IPA Technique in a Survey.....	237
Exhibit 14.3.	Cross-Tabulating and Plotting on the IPA Grid.....	238
Exhibit 14.4.	Interpretation of the Plotting and Labels of the IPA Grid.....	238
Exhibit 14.5.	Graphic Rating Scale as a Tool of Visual Communication.....	239
Exhibit 14.6.	Section of Division I-A Athletic Programs Questionnaire.....	242

Exhibit 15.1.	Advantages of Conducting a Sample Versus a Census	252
Exhibit 16.1.	Example of a Pre-Coded Questionnaire	267
Exhibit 16.2.	Responses from Sport Facility Executives Important Skills.....	268
Exhibit 16.3.	Consolidated Response Categories and Codes for the Open-Ended Responses to Important Skills in Exhibit 16.2.....	269
Exhibit 16.4.	A Section of a Data Code Book for a National Survey of Adult Attitudes to Sport Participation	271
Exhibit 16.5.	Percentages of Male and Female Journalists Working in the Newspaper Sport Departments During a Certain Period of Time.....	272
Exhibit 17.1.	Factors Used to Determine the Best Method for Communicating the Research Project	281
Exhibit 17.2.	Research Report Sections and Order of Inclusion (for Written or Oral, Business or Academic Research Reports).....	283
Exhibit 17.3.	Examples of Problematic Language and Preferred Bias-Free Language.....	287
Exhibit 17.4	Examples of Two Tables	288
Exhibit 17.5	Examples of Common Charts and Graphs	289
Exhibit 18.1.	Grouping Statistical Analysis Procedures.....	303
Exhibit 18.2.	Interpretation of Independent and Dependent Variables	304
Exhibit 18.3.	Independent Variables and Dependent Variables for Nonexperimental Designs	304
Exhibit 18.4	Statistical Decision Making: Type I and Type II Errors.....	309
Exhibit 18.5.	A Summary of the Statistical Data Analysis Methods Used in <i>JSM</i> , <i>SMQ</i> , and <i>IJSM</i> , 1987–2004	309
Exhibit 18.6.	A Numerical Summary of the Types of Statistical Data Analysis Techniques Used in <i>JSM</i> , <i>SMQ</i> , and <i>IJSM</i> 1987–2006	310
Exhibit 19.1.	Ages of 100 Interscholastic Head Coaches of Female Basketball Teams	314
Exhibit 19.2.	An Ordered Array of the Ages of 100 Interscholastic Head Coaches of Female Basketball Teams	315
Exhibit 19.3.	A Frequency Distribution of the Ages of 100 Interscholastic Head Coaches of Female Basketball Teams	316
Exhibit 19.4.	Spectator Interest in the LPGA	317
Exhibit 19.5.	Perceptions of LPGA Corporate Sponsors	317
Exhibit 19.6.	Frequency Polygon with Ends of Polygon Open.....	318

Exhibit 19.7.	Five Graphs Representing Hypothetical Correlation Coefficient	322
Exhibit 19.8.	A Summary of Descriptive Statistical Techniques Primary to the Research Questions and Hypotheses in <i>JSM</i> , <i>SMQ</i> , and <i>IJSM</i> by Journal: 1987–2006	324
Exhibit 20.1.	A Summary of Parametric Statistical Techniques	330
Exhibit 20.2	A Summary of Parametric Statistical Techniques Used by Sport Management Researchers (as Reflected by the Manuscripts Published in <i>JSM</i> , <i>SMQ</i> , and <i>IJSM</i> by Journal: 1987–2006).....	331
Exhibit 20.3.	Selection of an Appropriate Parametric Statistical Procedure to Test Differences.....	332
Exhibit 20.4.	A Summary of Nonparametric Statistical Techniques Used by Sport Management Researchers (as Reflected by the Manuscripts Published in <i>JSM</i> , <i>SMQ</i> , and <i>IJSM</i> by Journal: 1987–2006).....	335
Exhibit 20.5.	Selection of an Appropriate Nonparametric Statistical Procedure to Test Differences.....	336
Exhibit 20.6.	A Fictitious Specialty of Sport Management Programs by Gender of Student	337
Exhibit 20.7.	Example of the Mann-Whitney U-Test	338
Exhibit 20.8.	Rank Order of Motivational Statements by Groups with the Kruskall-Wallis Values	339
Exhibit 21.1.	Classification of Multivariate Analysis Techniques.....	347
Exhibit 21.2.	An Example of Multiple Regression Analysis in Sport Management Studies.....	348
Exhibit 21.3.	An Example of Logistic Regression in Sport Management Studies	350
Exhibit 21.4.	An Example of Hierarchical Regression in Sport Management Studies	351
Exhibit 21.5.	An Example of Discriminant Analysis in Sport Management Studies.....	353
Exhibit 21.6.	An Example of Multivariate Analysis of Variance (MANOVA) in Sport Management Studies.....	354
Exhibit 21.7.	An Example of Conjoint Analysis in Sport Management Studies.....	356
Exhibit 21.8.	An Example of Cluster Analysis	357
Exhibit 21.9.	Oblique Factor Analysis of the Specialization Variables: Factor and Scale Loadings.....	359
Exhibit 21.10.	An Example of Exploratory Factor Analysis (EFA) in Sport Management Studies	359

Exhibit 21.11. An Example of Confirmatory Factor Analysis (CFA) in Sport
Management Studies..... 360

Exhibit 21.12. Summary of the Results of the Confirmatory Factor Analysis..... 361

Exhibit 21.13. Results of the MANOVA Used to Determine if Differences Exist Among
Members of the Two Clusters in Each of the Eight Motivation Factors..... 362
